Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I was not interested in taking the  
standard Hormone Replacement Therapy, which  
is routinely prescribed to women in menopause,  
because I felt the risks to me were too  
great. To do nothing also posed risks. Now  
I take natural progesterone and natural testosterone,  
prescribed by my physician and compounded  
by Modison Pharmacy Assoc.
